

Coexisting with UAVs - The Ups and Downs of the UAS!

Ms. Justine Harrison will discuss GA. Operations in the vicinity of UAS Operations. This presentation will also review aircraft sightings of UAS, current FAA regulations and guidance applicable to UAS, how and where to look for real time information about UAS operations near your flight path during pre-flight briefings and how to report UAS sightings. Bring all of your UAS questions and concerns to what promises to be an informative briefing. Student pilots through ATPs will benefit from this seminar as well as aircraft model builders and operators.

Directions: From Hwy 99, Merle Haggard Drive East to Airport Drive. South on Airport Drive to Skyway Drive.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
