

Southwest Aviation Weather Safety (SAWS) Workshop VI

Join the National Weather Service (NWS) and earn up to 4 WINGS credits as we host a full day of activities designed to help pilots fly more safely and productively in the Southwest US. Better understand, anticipate and avoid aviation weather hazards, learn better self-briefing techniques, and more with real-world case studies. This regional workshop will be the premier aviation weather and safety-of-flight event of the year for the SW US, and it is being provided free of charge by the NWS. The tentative agenda, registration and discounted room rates are available via: www.wrh.noaa.gov/psr/SAWS6.

Directions: The Riviera is located 0.5 mile south of Sahara on the Las Vegas Strip (Las Vegas Blvd). The workshop will take place in the Top of the Riv Ballroom on the top floor of the Monaco Tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
