

Las Vegas FAASTeam presents:

New UAS 107 Rules and You / Crew Resource Management

UAS 107

The new Unmanned Aircraft System rules are in effect! Learn all about the FAA's Part 107 small drone regulations including the new written exam, where the old Section 333 exemptions lie, and more.

Speaker: Shawn Cadwell

Crew Resource Management

This briefing serves as an introduction to some of the concepts addressed in a much longer CRM class. It seeks to concentrate on hazardous attitudes and techniques for overcoming them as well as effective communication skills that all aircrew members can use to mitigate the risks that flying presents.

Speaker: David Carder is a retired USAF helicopter pilot with over 3000 flight hours. He has also flown as an Emergency Medical Services pilot and currently operates helicopter, fixed wing, and UAS aircraft in search of nuclear radiation.

Directions: South conference room on the ground floor

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
