

## Distractions in the Cockpit and The ABCs of Airports

Both subjects provide enlightening reviews of subject areas that need to be more frequently addressed. Pilots need to recognize how common distractions may interfere with basic airmanship and compromise of safety. Practical knowledge of different airport structures and their requirements are essential to safe flight, particularly in the departure and arrival phases.

Jennifer Lopez, new Airport Manager, to be introduced.

**Directions:** Southbound on NV Highway 93/95 (I-11 Bypass at Railroad Pass) into Boulder City center of town. Turn right at California Street and City Hall on left. Complimentary Parking out front of building.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
