

Las Vegas FAASTeam presents:

# **Aviation Physiology Training for Hypoxia Recognition Classroom Session**

Classroom training will include high altitude physiology, aerodynamics, and meteorology. This 1.5 hour course, along with your training session in the Portable Reduced Oxygen Training Enclosure will qualify you for a "Blue Card" which is your endorsement for having met 14CFR 61.31(g) requirements for operating aircraft above FL250.

You **MUST** pre-register for this class. Only those airmen who have registered will be permitted into the classroom.

Airmen must be a minimum of 18 years old and in possession of a current Class I, II, or III FAA Medical certificate, photo ID, and pilot certificate.

**Directions:** Grand Canyon Room at the newly remodeled North Las Vegas Air Terminal. Take Airport Drive East off of Rancho Drive. Drive to the end of the street, plenty of parking for cars, and lots of parking for those flying in.

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
