

Las Vegas FAAS Team presents:

What to Know About Experimental Amateur Built and Light Sport Aircraft

We will discuss the different certification types and rules. What you should know and how to be prepared. Additionally we will discuss Airworthiness Directives and their applicability.

Directions: To participate in this webinar you must register for this event through this Safety Program Airman Notification System (SPANS) and FAASAFETY.GOV. Only those registered will receive the webinar link. The webinar link will be emailed to registered individuals the day of the event. This link will be emailed to the email address associated with your FAASAFETY.GOV account.

This event will be conducted in the Zoom format. Please ensure you register using your name (not a nickname). This will allow me to take attendance and ensure you receive WINGS/AMT credit.

Please Do Not Wait until the day of the event to register. Due to other duties and responsibilities, I may not have the opportunity to revisit the registration roster on the scheduled event date.

A message from the National FAASafety Team Manager

Earn your WINGS to get a chance to win a cash prize. Go to
