

## Making Weather Reports Work For You

One of our favorite FAASTeam Subject Matter Experts, Meteorologist Chris Outler will be at Henderson in person to discuss Aviation Weather. With Winter fast approaching it is more important than ever to take time to review the weather sites. NWS Chris Outler will cover the Weather, websites, and demystifying the reports. Taking us through the redesigned Aviation Weather Center site and helping us navigate all that it has to offer. Please preregister and plan to attend in person, see your friends and other local pilots and learn. We look forward to seeing you at HND.

This is an IN-PERSON safety seminar. Plan to attend and wear your best Ugly Christmas Sweater and have some coffee and Christmas cookies while you listen and learn from one of our favorite local aviation meteorologists and educators.

Please register online now as space is limited for this special holiday event
