

FAASTeam presents:

# 'Everything You Need to Know When Flying Around Edwards AFB'

## Event Details

**Thu, Sep 6, 2012 - 7:00 pm**

**Brackett Airport Terminal**

1615 MC KINLEY AVENUE, LA  
VERNE, CA

La Verne, CA 91750

**Contact: JOHN ALAN FINLEY**  
**(909) 2277614**

[finley\\_jaf@verizon.net](mailto:finley_jaf@verizon.net)

Select #: WP2146192

Representative JOHN ALAN FINLEY

Bill Koukourikos from the Flight Safety Office at Edwards AFB will conduct a briefing for GA pilots including current aviation activities and airspace configuration around Edwards AFB. If you fly around or near the Edwards area, you will want to attend this educational and energetic briefing from Bill. Learn about current missions and flight testing at the base, discuss the airspace and get tips and pointers from Bill about the proper methods of transiting through Edwards AFB and NAS China Lake ranges. Bill will also share techniques for avoiding close encounters and midair potentials with fast movers in the area as well as other aircraft. Know before you go!

**Directions:** Conference room in Airport Admin/Terminal

### **A message from the National FAASafety Team Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
