

POP UP--NOTE Day & Time. 'ALWAYS on Final'-Program @ 1300 - Lunch @ Noon

Each summer since 2004, Bern Heimos has flown his vintage 1939 Piper cub coast-to-coast across America. Generally each adventure totals about 6,000 miles over a four to six week period. He chooses different routes to learn more about our country and to experience a variety of flying challenges.

The goal of Bern's presentation is to present a different paradigm to pilots considering "low and slow" cross-country flights. Let's face it - if by low and slow we mean flying at the lowest legal altitude above ground, you're always on final approach...

Directions: Park & proceed to building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
