

Pilot/Controller Forum

Do you have a question for the tower? Come speak with ATC. They are here to help. This is a great opportunity to learn about what's going on, on the other side of the mic. Get comfortable with ATC functions and services both from a tower and approach control point of view. There will be tips and tricks, for both VFR and IFR pilots.

Directions: See attached map.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
