

FAASTeam presents:

A Bad Day... Waiting to Happen

The primary presentation will be conducted by Frank Wright, Manager of Yank's Museum. He will present various conditions that pilots can observe that should lead to a discussion with their mechanic before a serious event occurs.

Frank is a private pilot, with tail wheel endorsement. He has been an A&P for seven years and has served as Manager of Yanks for 16 years. Although he "manages," he still loves to work on restorations. The second presentation is the FAA's Topic of the Month. It focuses on Managing Unexpected Events, and the process to survive them.

Directions: From the 60 Fwy- South on Euclid. From the 71 Hwy- North on Euclid. Driving North or South on Euclid Ave (83), turn East on Merrill Ave. Turn South (right) at the first intersection (Stearman Ave). Actually, that's the only direction you can turn. Continue to YANKS' gate on your left. Park, enter the main doors, find the meeting (to the left), grab a cup of coffee and a few cookies, have a seat, and ... um.. don't forget to sign in. Thanks, ~a.j.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
