

Complacency

This covers the problem with flying a routine flight that you maybe familiar with to the point you become complacent and end up with something more than a routine flight and now your flying to save your life.

Directions: 2240 IS THE FIRST BUILDING ON YOUR LEFT AFTER GOING THOUGH THE MARCH ARB MAIN GATE BEHIND THE BASE MARQUE. (When you go through the main gate you will see two big fuel tanks on the immediate left. 2240 is just after the fuel tanks and the marque). Enter main entrance turn left to the main auditorium.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
