

Maneuvering Flight

More than 25 percent of general aviation fatal accidents occur during the maneuvering phase of flight — turning, climbing, or descending close to the ground. During this seminar we will discuss how to prevent accidents caused by loss of control.

Directions: Airport Terminal Lobby

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
