

Ramp Checks- Be Prepared

For a light general aviation aircraft in the U.S., a ramp check is a spot inspection by an FAA Aviation Safety Inspector (ASI). It can occur at virtually any airport and is intended to verify that both the pilot and aircraft comply with applicable regulations. How to prepare for each of the following.

Check pilot documents

Check aircraft documents

Examine the aircraft for obvious airworthiness issues

Review maintenance compliance

Brackett Airport Administration Building - 10/San Bernardino Freeway, take Fairplex Dr. North, at traffic signal next to fair grounds, continue left on Fairplex dr. go to next stop sign, proceed straight on W McKinley ave to Admin Building at end of the road. Fly-in's are welcome!
