

## WINGS Event - Hello my name is Airspeed!

Come spend some time with an expert who will walk you through an in-depth look at the humble Air Speed Indicator: Its history, how it works, the meaning of all those colored markings and why some speeds are not shown, and a look at a few different ways that it can fail.

**Directions:** Enter through gate in fence along Alondra Blvd and make a sharp left turn. Drive along fence to parking lot southeast of EAA hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
