

FAASTeam presents:

# IMC Club Meeting - Mastering the Art of Instrument Navigation

IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building instrument flying knowledge and skills.

The organization network promotes a safety culture through continued education and believes that safety and proficiency are developed through education and experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals offer informative WINGS presentations. You do not have to be an instrument rated pilot to attend. Membership in the international IMC Club is encouraged but not required. For more information and to attend this event, click the link below and register TODAY!

**Directions:** Free parking in lot - enter driveway from 120th and follow signs for IMC Club and Beach Cities. Limited free ramp space is available for fly-ins. Please call the event coordinator to pre-reserve a space on a first-come, first-serve basis. Once free parking is exhausted, additional aircraft parking can be purchased from the FBO. Call them directly to learn more: Jet Center Los Angeles - (310) 676-4673
