

Technology and the Evolution of Aircraft Design

Dr. Daniel P. Raymer, noted aircraft designer, educator, and author of the best-selling textbook "Aircraft Design: A Conceptual Approach," will give a talk on the historical development of the key technologies which have allowed the development of today's aircraft. The talk also sneaks in some of the fundamentals of aircraft design and analysis through a historical context.

Directions: The Proud Bird is along Aviation Blvd, just north of I-105.

From westbound on I-105 W/Century Fwy, take exit 2A toward La Cienega Bl/Aviation Blvd, turn left on Imperial Hwy, then right on Aviation Blvd.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
