

**FAASTeam presents:**

# **KPOC IMC Club - IFR Educational Webinar**

The Brackett (KPOC) IMC Club is an educational resource for any current, rusty or aspiring IFR pilot.

Meetings typically start with a 'question of the month' based on an IFR approach plate or chart. Presentation and discussion of an IFR scenario or analysis of a real-life IFR related event is the main topic of the month.

Discussion can include planning, charts, navigation, weather, diversions, handling of equipment failures, and other unexpected events, all with an emphasis on decision making. Everyone is welcome, participation is strongly encouraged and the meeting is open to all regardless of experience. There is no fee.

**Directions:** Zoom registration - be sure to register using your email account associated with WINGS if you wish to get credit. After registering, you will receive a confirmation email containing information about joining the meeting.

#### **A message from the National FAASafety Team Manager**

Earn your WINGS to get a chance to win a cash prize. Go to
