

Hanger Flying with the IMC Club Brackett (Hybrid)

The EAA IMC Club provides pertinent information in regards to safety of flight in Instrument conditions.

Discussions of a case study regarding a visual approach complicated by the rising sun in your eyes. The distance is ticking down, ATC is getting impatient, and the nearby Class B limits your options to maneuver.

Meeting room is the first left after entering the administration building from the parking lot.

Meeting is scheduled to last 1 1/2 hours.

For those interested in attending on line the following link will allow to join.
