Select #: WP2545046

Lead Representative **LESLIE AMOS SANDERS**

Mr. Don Campbell, Maintenance Superintendent (USAF) for all assigned SR-71, U-2/TR-1, KC-135Q and T-38 had significant involvement in the SR-71 program from it's inception to termination. Mr. Campbell has extensive knowledge of the SR-71 and upon his retirement from the USAF, accepted a position with Lockheed Martin Skunk Works as a Maintainability Superintendent and later accepted a position as a Logistics Support Administrator. Mr. Campbell will also speak about the exceptional safety record of the fastest airplane ever built.

**Directions:** Golden West Regional Fly-in, Yuba County Airport, Olivehurst, CA -
