

EAA Grass Root Pilot Tour with Jeff Skiles

Jeff Skiles, Co-Pilot of the famous "Miracle on the Hudson" flight that landed in the Hudson river and EAA's Vice President of Chapters & Youth Education, will lead the program's discussion. He will give you the latest on what EAA is doing to inspire the next generation of aviators. He will also speak of the Hudson crash and talk about how the training he received and well thought out procedures, were a major factor to the incredibly successful outcome of what could have been a disaster.
