

Safety Considerations for the LSRM

Event is held as part of the 3 week Light Sport maintenance training.. Are you familiar with the maintenance requirements for light sport airplanes (LSA)? At this informative safety briefing, we'll review the requirements for maintaining LSA aircraft, options for doing maintenance, and some unique concerns regarding Rotax engines and LSA models. Featured speaker is Carol Carpenter. Don't miss this unique opportunity! Note: This event has a cost.

Directions: Classroom in main terminal building

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice.
