

Weather - it is time to learn more

Come and learn (enjoy) another great presentation by the Doctor of Weather, Mr. Terry Lankford. Terry has blessed the Redding area multiple times with his different weather presentations. Terry correctly identified the El Nino weather pattern back in October 2015.... and Terry has written eight (8) books on weather (See Amazon).....

If you do not attend, you will have missed an excellent seminar and an opportunity to further your knowledge regarding WEATHER..... and as pilots.....WEATHER impacts everything we do!

Directions: Flying: Park on the west side of Benton..... just south of the SUN shades.... then walk west 300 ft to the Q Hut.

Driving: Placer street west to just past Benton airport (after you go down, then up), turn left at the traffic signal, go one block, park along the fence, walk to the north gate, enter the Q Hut.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
