

Take off and landings the 122nd monthly consecutive safety seminar at Benton airport

Mr. Jim Ostrich, the proprietor/operator of Benton Aviation, a retired Navy Captain, a CFI with varied and extensive aviation interest and skills (also an A&P) will discuss the elements regarding takeoff and landings... with a strong emphasis on the aspects of an airport like Benton, especially in hot/windy conditions.

Directions: Flying to Benton..... after landing, taxi to the west side of the airport and park just south of the open sun shade hangars, then walk 300 feet to the Quonset hut building by the fence, enter on the north side.
Driving: Once you arrive, park anywhere along the fence, then walk to the north side of the building and enter the Quonset building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
