

FAA Safety Team presents:

CFI Open Forum

At this open forum, we will discuss how to avoid loss of control (LOC) and how to teach risk strategies to prevent LOC. This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios and how to effectively teach. It allows FAASTeam Program Managers and designated FAASTeam Representatives together with CFIs and DPEs to discuss the benefits of teaching loss of control. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Click the link below and register TODAY.

Directions: Driving: Off Interstate FIVE (5), take Knighton road east two miles to Airport road, then left on Airport road for one-quarter of a mile, then right onto Flight Avenue, then one eighth of a mile (at end of Flight Ave), on the right... the Redding Jet Center..... then into the lobby and make a 45-degree turn to the stairway, at the top of the stairway is the conference room for the CFI Open Forum. Free coffee will await you for your efforts. :)

Flying: Park in transient just to the east of the Redding Jet Center..... walk into the lobby and then turn RIGHT, go past the reception desk to the stairs... and then at top of stairs is the conference room.
