

IASCO - Airspace activities

IASCO..... a tour of their facility(s) and then a discussion about the airspace that IASCO uses around northern California and how the GA pilot can take steps to minimize contact with the ebb and flow of IASCO flight operations.

Directions: Flying: Land at RDD and park in transient just east of the Redding Jet Center.... walk into the lobby and either walk (about 15 minutes) or wait for the shuttle to take you across the street to their main facility.

Driving: Google the address and park in their parking lot or on the street, then walk into the main entrance.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
