

Things to ponder when Mountain Flying

Mr. William Hill, the lead FAA Safety Team representative for the greater Redding, CA area will present a 90-minute discussion regarding things that a PIC should consider when operating in designated mountainous terrain.

Mr. Hill has been a CFI since 1976 (here in northern CA) and his first aircraft ride was in a 1946 Luscombe when he was 12 years old..... He will utilize live internet, accident reports, etc to provide to the attendee's information that will allow them to excellent decisions while exercising their authority under FAR 91.3

Directions: Flying: Taxi to a location in front of the FBO and walk into the building
97 NM NE of RDD , 125 NM NNW of RNO, 66 NM SE of Klamath Falls, OR

Driving.... Park just at the entrance to the FBO gate and then walk into the building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
