

Ford Tri-Motor (The Tin Goose)

The Ford Tri-Motor (5-AT-B "The Tin Goose) is a historic aircraft that will be present at Yuba County Airport January 5 - 8, 2017 for viewing. Visit this amazing event and see the aircraft safety features and crew coordination that was incorporated into this first mass produced airliner in the U.S.

Les Sanders and other professional aviation individuals will be present to answer questions and discuss the many safety features that was built into this very early airliner at a time when air travel was considered a luxury.. (First production 1925)

** Rides will be offered on this historic aircraft for a nominal fee.

Directions: From Hwy. 70, exit Erle Road, west on Erle Rd., under railroad crossing, south on Arboga Road to Yuba County Airport entrance.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
