

Safety Operations at Uncontrolled Airports

This informative seminar will include a discussion of properly entering and exiting an uncontrolled airport pattern including varied aircraft types using our airspace. Lincoln Regional is home to a varied mix of aircraft types and aviation activities, so understanding what to expect from other aircraft increases safety for everyone. Our speaker and moderator for this event is James Hinson, CFII, Designated Pilot Examiner (DPE), and retired FAA Operations Unit Supervisor. The Audience will have an opportunity to ask questions.

Directions: From Hwy 65, exit Nelson Lane northbound. Continue straight past (across) Nicolaus Rd. Gate 3 airport entrance on left (Flightline Dr.). Enter Gate #3, drive straight and follow "Safety Meeting" signs.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
