

FAASTeam presents:

Airspace Review

Using online VFR charts Jim Ostrich CFI will conduct a review of airspace and a guided discussion on your questions; Great for rusty pilots; Great for your BFR; We will review the classes of airspace in general, then dive into the VFR Chart starting at Benton / Redding and moving South to the San Francisco Bay Area, covering Class B, C, D, E, and if time permits how to fly thru LA Class B, and Special Use Airspace (Grand Canyon).

Directions: Fly In to O85 (Benton Field) park at transient ramp; walk in to hangar; Drive in and park in the lot next to the FBO walk thru the Airpark Cafe gate (turn left, enter the hangar)

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
