

FAASTeam presents:

# **RESCUED Brian Browns Story of his crash and rescue**

Brian Brown articulates in great detail the fateful events that led to his plane crash and the unforgettable 15 hours of danger, rescue efforts and miracles that ultimately ensured their survival.

Human error and aeronautical decision making are the least appreciated part of pilot training. Brian does all pilots a great service sharing his story.

**Directions:** Driving -From Highway 65 , turn north onto Nelson Rd at the traffic light.  
Continue past Nicolaus Rd at the 4-way stop, onto Aviation Blvd.

turn left onto Flightline Dr.

Continue past the stop sign to gate 4

Carefully drive onto the taxiway to the 4th row of hangars on the right. Look for the 'EAA' lettering on the hangar.

Park on the east side of the hangar, or continue to the next row and park on the grass.

Flying -in Hangar S12 at the most north taxiway. Aircraft parking is limited, call Jim Hughes, 530-432-6608, for a reservation. Additional parking is at the transient ramp., north of the beacon.
