

## EAA 512 Imc/ Vmc

We will be presented with two different scenarios that other pilots have experienced in actual flights taken. One will be in VMC conditions and the Second in IMC Conditions. Each scenario will be followed by a group discussion as to what you as PIC would do if you got caught in the situation.

**Directions:** When you pull into the airport, enter at the west gate. Turn right and park in front of the green arched hangar.

### A message from the National FAASTeam Manager
