

Avionics

Mr. Darby Murphy the manager of Air Shasta avionics will discuss the what and why of what he would do to an older general aviation aircraft (if he owned one). Being to bear his 10 years + of avionics experience, multiple upgrades over the years... and most importantly all the things he has observed in older aircraft regarding wiring, etc.

Directions: Driving: Park along the fence on the north side of the building, then walk to the north entrance person-sized door.

Flying: Taxi to the NW corner of the airport, locate the SUN SHADE hangars, park anywhere to the south side of those hangars, walk 300 feet to the north entrance of the EAA building
