

Glider training for the Private Pilot

A discussion of why glider training will improve your understanding and your decision making while acting as the PIC of a powered aircraft.

Mr. Eric Marshall a long time glider and powered aircraft certified airmen will discuss how his glider training has help him when flying powered aircraft. He has extensive multiple cross counties (California to the east coast) in General Aviation piston powered aircraft..... and has flown gliders in the western USA and in Europe.

Flying In: After landing, **proceed to the northwest corner of the airport**, when you see the **Sun Shade Open hangars**, **proceed WEST on the tarmac** and park anywhere near the west edge. Then walk **300 feet to the EAA building and enter at the north door.**

atpbill@duck.com

Select #: WP25141318

**Lead Representative WILLIAM V.
HILL n/a**

The easiest thing is to enter the street address into your GPS on your phone or vehicle map device.... If you have neither then make your way to downtown Redding, proceed to the Jail (tall building) and find the street called Placer, then proceed west about 13 blocks. At the top of the hill you will pass the entrance to Benton airport (**DO NOT TURN THERE**), proceed to the next traffic signal (**Pleasant street**) and then **turn left**, go one block and you will be looking at the EAA building. It will be on your left, part anywhere off the street (Also the EAA building is next to the Army National Guard unit/facility).
