

## Wright Brothers Master Pilot Award

The Wright Brothers are among a league of heroes who inspired the world to follow their dreams with passion, courage, and resolve beginning an era of landmark air flights in human history. From there, it took a gap of only 66 years for another remarkable aeronautical achievement to happen. The first successful airplane flight and first successful ever moon landing were separated by less than seven decades.

Today, we want to talk a little about the Wright Brothers along with another notable pioneer making aviation history, Mr. Malcolm Rollins Lenson.

WINGS Flight School, Nut Tree Airport

### A message from the National FAASTeam Manager
