

## Pilot Personalities

This seminar will review the Psychology of being a Certified Pilot in Command in the National Airspace of the the United States.... and of course it will apply to those individuals that are Aviation Maintenance Certified also.

Utilizing FAA sources, we will exam the Pilot in Command culture needed by pilots, each and every time they exercise their Pilot in Command responsibilities while operating aircraft in the NAS system

**Flying In:** After landing, **proceed to the northwest corner of the airport**, when you see the **Sun Shade Open hangars, proceed WEST on the tarmac** and park anywhere near the west edge. Then walk **300 feet to the EAA building and enter at the north door.**

The easiest thing is to enter the street address into your GPS on your phone or vehicle map device.... If you have neither then make your way to downtown Redding, proceed to the Jail (tall building) and find the street called Placer, then proceed west about 13 blocks. At the top of the hill you will pass the entrance to Benton airport (**DO NOT TURN THERE**), proceed to the next traffic signal (**Pleasant street**) and then **turn left**, go one block and you will be looking at the EAA building. It will be on your left, part anywhere off the street (Also the EAA building is next the the Army National Guard unit/facility.
