

Airspace and Special Use Airspace- What Pilots Need to Know

We will discuss the National Airspace System (Class A,B,C,D,E,G Airspace), visibility and cloud clearance requirements, aircraft equipment requirements, and communication requirements for entry into various types of airspace.

We will also discuss special use airspace such as Military Operations Areas, Restricted and Prohibited Airspace, Alert Areas, Warning Areas, and Temporary Flight Restrictions.

Driving Instructions: Classroom is located at Corning Municipal Airport (004) immediately west of the intersection of N. Marguerite Ave and Neva Ave. The parking area is located right outside the classroom.

Fly-in Instructions: Classroom is located on the field at Corning Municipal Airport (004) immediately east of the approach end of runway 35. Transient parking is located in this area as well.
