

FAASTeam presents:

Demystifying the FAA Enforcement Process

The FAA's enforcement process is a mystery to most airmen. The initial steps an airman takes when confronted with an enforcement action play a huge part in governing the outcome of the enforcement process. Whether or not an airman receives a suspension of their certificate or receives a letter of warning can be greatly influenced by the airman's initial response. Responding to an enforcement action without understanding the process can have long term negative consequences for the airman. This seminar, conducted by private pilot and aviation attorney, Ronnie Gipson, will provide the airman with an overview of the FAA's enforcement process to include emergency and non-emergency actions by the FAA. Mr. Gipson will provide tips to the airman to follow when faced with a possible enforcement action by the FAA. Don't miss this great opportunity to expand your knowledge of the FAA enforcement process.

Event Details

Sat, May 23, 2015 - 14:00 PDT

California Airways

22693 Hesperian Blvd.

Suite #220

Hayward, CA 94541

Contact: California Airways
(510) 887-7686

Select #: WP2762755

Representative Jonathan Bishop

Directions: From Highway 880 South, take the A Street exit. Turn right at the light, onto A Street. Follow A Street west until you come to Hesperian Blvd. Turn left at the light onto Hesperian. On your right, you'll pass a La Quinta Inn and a Home Depot. Immediately past the intersection of Hesperian and Skywest, you'll see a 2-story building on your right. That's us. We're located on the second floor of the building. If you come to the intersection of West Winton Ave., you've gone too far. From Highway 880 North, take the A Street exit and turn left at the light. Cross under the freeway and follow the directions listed above. If you fly into Hayward, park at the East Hangars mini-ramp (2 spaces available) next to our office. If you park at transient parking (next to the control tower), it's about a 3/4 mile walk to our office. Call us and we'll come pick you up.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
