Product Displays by industry
avionics companys. A brief discussion
on the ADS-B requirements and the
company of fellow pilots and Friends
of Aviation.

**Sponsored by Scanlon Aviation
and Direct Avionics**

Direct Avionics

Industry Partners committed to be present include:

Aspen Avionics specializes in bringing the most advanced display and sensor technology from the commercial and business aviation markets into general aviation cockpits—and budgets.

L-3 Aviation Products is a leading manufacturer of advanced avionics for business and general aviation aircraft.

Avidyne designs and manufactures integrated instruments, flight displays, VHF and GPS-based navigation, communication, and data link transceivers and digital flight control systems.

FreeFlight Systems designs, manufactures and supports avionics systems that improve the safety, efficiency and affordability of flying.
