

Flight Instructor/DPE Open Forum- The New ACS and Use of Simulators in Flight Training

FAASTeam Flight Instructor/DPE Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss topics of concern to all individuals responsible for the education and safety of General Aviation. Seating is limited at this venue and we are encouraging all instructors to register and attend this forum. Our topics will include a presentation and discussion on the use of ACS, as well as the use of simulators in aviation training. Other topics of interest to local CFI's will also be discussed.

Directions: Hwy 101 North or South – exit at Airport Blvd. Go west on Airport Blvd, turn left on Westwind Blvd (this is the street prior to Skylane Blvd), go through the stop sign (after you stop!) and make your first right into the parking lot.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
