

FADEC (Full Authority Digital Engine Control)

From cars to airplanes, most engines designed today benefit from some form of electronic ignition/engine control. Join us and find out how FADEC can improve safety, increase engine and fuel efficiency, all while improving safety!

Directions: From either I-880 North or I-880 South, Exit the freeway on A Street. Proceed West on A Street. Turn Left onto SkyWest Drive. Location will be on the Right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
