

The Seabird Protection Network and FAA Compliance Philosophy Briefing

For those of us that enjoy nature in its many forms, we will have an interesting and educational program on bird sensitive areas and coastal wildlife from the Seabird Protection Network. Bring your charts to follow along on this tour of our coast. FAA Inspectors from the Oakland FSDO will give a briefing on the new Compliance Philosophy.

Directions: This safety event will be held at the Glendeven Inn conference room. www.glendeven.com
