

Spring Flying Tune-Up and Current Air Safety Concerns Forum

Please join us for a get-together of Northwestern California pilots for a 'Spring Flying Tune-Up' presentation by the FAASTeam, a discussion of current air safety concerns of the region, a KUKI update with Airport Manager Greg Owen and a whirlwind tour of Northern California's lesser know airfields from Ukiah to the Oregon border. Attendee participation and updates on regional airfields is highly encouraged.

If flying in, park in transient parking on the ramp and walk to the terminal building.

If driving, from HWY 101 either North or South, take the Talmage exit West to S. State Street to the airport terminal building.

A message from the National FAASTeam Manager
