

## EAA Chapter 663 May VMC Club Meeting

The EAA VMC Club provides a "hangar flying" experience organized around visual flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences.

**The scenario we will discuss at this meeting is titled "Starved of Attention"** and describes a 40-minute VFR flight in a personally owned Piper PA-32 to pick up a friend. About halfway to your destination, the engine loses partial power. *What would you do?*

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member to attend
