# PROGRAM

**VFR Chart Smarts**, Airspace, Airspace and More Airspace, Situational Awareness and the Airport Facility Directory, Obstructions and the MEF, #@\$!@ TFR's, Chart Reading Techniques and Tips, Ever wrestled with a chart in the cockpit? During the group oral "Chart Quiz" we ask and answer those tough questions like ... What am I flying over? Whose Airspace am I in? How do I avoid TFR's? What altitude should I be at? How come I get lost... even when I have the chart in front of me?

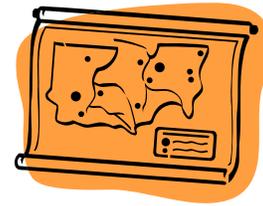

**Instrument Chart Smarts**, Approach Plates and more, How to use the Volpe approach plate format, The Electronic Flight Bag, RNAV, WAAS and LAAS developments. During the group oral "Chart Quiz" we ask and answer those tough questions like ... What is the Volpe format? How do I read an approach plate? How low can I go? What is an electronic flight bag? What are the new RNAV chart symbols and what do they mean? What are the plans for new charting products?
