

FAASafety.gov Features Added on July 22, 2008

1. Validators (RFM, FPM, Rep, CFI, etc.) now have the ability to validate credits for “walk-in” requests. In other words, without an email request from the pilot.
 - a. Click on Credit Administration
 - b. Click on Accredited Activity Admin
 - c. Click on View Approved Accredited Activity List
 - i. There will be an icon with a green check mark to the right of the activity for which you will validate credit.
 - d. You can look through the list of over 200 activities or you can use the search feature to find the activity for which you are going to validate credit.
 - i. Of course, you must have the email address (which is the account name for the FAASafety.gov user) of the pilot and the completion date of the activity for which you are validating credit.
