Dear Fellow Aviators

As the commander of the 601st Air and Space Operations Center at Tyndall Air Force Base, Florida, I am part of a team of dedicated men and women who are charged with our nation's air defense. It is with great pride that we provide the air defense shield for the Continental United States.

As America's Air Defenders, our priority is to ensure the air sovereignty and safety of all Americans. We remain committed to protecting the skies of our great nation.

With the upcoming VIP temporary flight restriction over Martha's Vineyard, I'm asking you to participate in our public awareness program by displaying and distributing the enclosed posters in your flight planning and public area. These products help remind aviators to check NOTAMS for temporary flight restrictions prior to departure.

If you have any questions, please visit us on the web at www.1af.acc.af.mil, www.facebook.com/americasaoc, www.twitter.com/1staf or contact Capt Jared Scott, 601 AOC Public Affairs, at 850-282-0725.

Sincerely
