SAN JUAN ATC TOWER LETTER TO AIRMEN NO. 10 -1

SUBJECT: AREAS OF NONVISIBILITY

CANCELLATION: June 1, 2010

San Juan ATC Tower is responsible for the control of aircraft, vehicles, equipment and personnel on designated movement areas of the Luis Munoz Marin International Airport, San Juan, Puerto Rico.

Due to a recent elevator outage in the San Juan ATC Tower, Air Traffic Control (ATC) services have been temporarily relocated to the old ATC Tower (located on top of the Best Western Hotel). The relocation has caused a Line-of-Sight issue with some of the movement areas south of the new International Terminal.

Until ATC services are returned to the permanent ATC Tower, pilots are advised to "*Use caution, the following movement areas are not visible from the old San Juan ATC Tower*": (See attached airport diagram)

- a. Runway 10, from Taxiway "H3" up to Taxiway "H5".
- b. Taxiway "H", from Taxiway "H3" up to Taxiway "H5".
- c. Taxiway "H3". Taxiway "J3".
- d. Taxiway "H11" at the intersection of Taxiway "H"
- e. Parts of Taxiway "C" due to trees and bushes.
- f. Taxiway "N" on east side of tall tower.
- g. Taxiway "S7" in front of National Guard ramp.

The following non-movement areas are not visible from the tower:

- a. Apron 2
- b. Apron 4
- c. North side of Apron 3.
