

Preparing for Runways 10C-28C and 10R-28L

May 2, 2013

Runway 10-28 redesignated 10L-28R

Construction of the O'Hare Modernization Program will reach another major milestone on May 2, 2013, when Runway 10-28 will be redesignated 10L-28R. This change is necessary to prepare the airfield for the completion of the newest runway, 10C-28C which will open on October 17, 2013. Construction of future Runway 10R-28L is also underway and will be visible from the air this summer.

In addition to the redesignation, the next set of O'Hare taxiway names changes are also scheduled to occur. These changes will focus on the north airfield:

- Taxiway **Y** becomes **YY**
- Taxiway **Z** becomes **G**
- Taxiway **WS1** becomes **G1**
- Taxiway **KK** becomes **SS**
- Taxiway **WU** becomes **NN**
