SUBJECT: MODIFICATION TO THE NUMBERING OF MIAMI AIRPORT APRON ENTRY POINTS (SPOTS)

CANCELLATION: June 30, 2015

To further enhance safety, Miami Dade County Aviation Department will be modifying the Miami airport apron entry points (spots) numbering sequence from the existing 15 spots (with variations of N-C-S) to spots 1 through 27 (with spots 2, 4, 11 and 12 to be determined at a later date). This numbering change does not impact spots 52 and 53 located on the northeast corner of the airport and spots 73 and 75 located at Eastern/Western U (not depicted here).
